"Survey of Annual Giving and Alumni Support"

by David M. Thompson

"The very rock on which all other giving must rest is alumni giving. Gifts from outside the family depend largely—sometimes wholly—on the degree of alumni support."

SALIENT FACTS

- The 1,143 colleges, universities and schools reporting in the 1958-59 Survey of Annual Giving and Alumni Support received a grand total of $199,882,799 from their alumni. Of this amount, $45,495,928 came through annual alumni funds.

- Alumni support of United States higher education, as determined by the 986 universities and colleges included in the 1958-59 Survey, reached a record high of $185,927,137. Of this amount, $42,[illegible]3,496 came through annual alumni funds.

- Of 6,607,487 alumni asked to give to their alma maters for annual alumni funds, 1,384,247 responded in 1958-59.

- An additional 355,157 gave through other channels, making a grand total of 1,739,404 alumni who supported their institutions in 1958-59.

- The reported effectiveness of solicitation of alumni for gifts to their annual funds decreased from 22.5% in 1957-58 to 20.9% in 1958-59.

- The average gift from alumni to their alumni funds increased from $32.03 in 1957-58 to $32.86 in 1958-59.

- The average gift from alumni to their institutions through all channels (i.e., alumni funds, bequests, payments on capital campaign pledges, etc.), computed for the first time this year, was $114.94.

- Total gift support from all sources to these 1,143 institutions was $863,157,250. The total for colleges and universities in the United States was $813,244,747; independent secondary schools received $23,855,561; Canadian institutions, $26,056,861.

- Alumni giving represented almost one-fourth (23.2%) of all voluntary support reported by these 1,143 institutions.

- The 1958-59 Survey shows an increase over the Council's 1957-58 Survey of 8.4% in alumni gifts to annual funds and 71.6% in total of all alumni giving.

- Total annual giving (from alumni and others) to these institutions through organized funds reached $62,557,647 in 1958-59. This represents the "living endowment" equivalent of the income at 5% on $1,251,152,940.

1958-59 ANNUAL GIVING AND ALUMNI SUPPORT

The American Alumni Council established in 1956 a goal of "Two Million Alumni Giving Two Hundred Million Dollars Annually by 1960." This 1958-59 report shows that the goal was nearly reached a year early. More than 1.7 million alumni gave more than $199 million to their alma maters in the period covered by this survey.

The Council's 1958-59 survey questionnaire was sent to more than 2,000 universities, colleges, junior colleges, specialized and professional schools, independent secondary schools and Canadian institutions. During the same period, the Council for Financial Aid to Education conducted its biennial Survey of Voluntary Support, and a close, mutually beneficial relationship was established between the two questionnaires.

Why were two surveys on voluntary gift support conducted in the same year? Isn't this a tremendous waste and duplication of effort? The fact is, the surveys are complementary. The AAC survey of alumni giving reinforces the CFAE survey of over-all support, just as the broader survey helps to give perspective to alumni giving achievements.

Since its first publication in 1938, the Council's annual survey of alumni support has come to mean much not only to member institutions, but also to foundations, corporations, government agencies, and philanthropy in general. It is considered the official measure of alumni financial support. "Is the institution supported by its own?" is a common criterion for evaluation of whether outside support is deserved. This survey also provides the basic data for judging in the Council's Alumni Giving Incentive Awards Program. Begun in 1957-58, this program offers recognition and cash awards for notable success or improvement in programs for obtaining financial support from alumni.

The CFAE survey questionnaire asked only for totals—of dollars and donors—in the field of alumni support, since the AAC survey would fill in the details. As the replies to each came in, we kept in constant touch on these figures, checking against each other's returns.

We were able to cross-check Total Alumni Gift Support (Column 19 of the statistical report), Number of Alumni Donors to All Purposes (Column 20), and Total Gift Support to Institution from All Sources (Column 22). The result was that the compilers of this 1958-59 Survey were able to include in it figures on alumni support reported to CFAE (indicating, of course, the source of the information). Because of this cooperative effort, as well as the considerable increase in returns to AAC, there are 1,143 institutions in this report, as compared to 610 in the 1957-58 Survey.

In the period covered by this report, alumni contributed $199,882,799—a dramatic increase over the $143,112,213 reported for 1957-58. More alumni contributed to annual giving funds than ever before: 1,384,247, compared to 1,211,395 in 1957-58. All told, 1,739,404 alumni gave to their alma maters in the period covered by the Survey. This last figure was included in the Survey for the first time this year. It includes donors of gifts to the alumni fund, bequests, payments on capital campaigns, pledges, life insurance programs, etc. With its inclusion, institutions whose annual funds are merged with or suspended for capital campaigns are no longer penalized in comparative

statistics. Since respondants were not prepared for this new question, many institutions were unable to report accurately, but the additional number of donors uncovered—355,157—verified the need for this figure to make the report complete.

The statistics for each institution—listed in ten type-of-institution classifications—are recorded in the second section of this Survey report. Since last year's Survey, a major revision of institutional classifications has been accomplished. The returns have been checked against a complete list of all institutions, prepared by classification, and each heading in the statistical section shows the number of replies compared to the total possible. For example, 67 of a possible 67 Private Universities reported to the Survey; 183 of a possible 401 Public Institutions reported; and so on. This report thus covers 1,143 institutions of a possible 2,751. It can be assumed that very few of the 1,608 institutions not shown in this Survey have any semblance of alumni gift support.

On the back cover are the Council's traditional "Honor Rolls" of institutions reporting outstanding success in six categories. (Note that the figures for Harvard and Columbia represent university-wide totals for separate alumni fund operations of schools and divisions.)

TEN-YEAR COMPARISON

The impressive rise in reported alumni giving over the past decade is shown in Table I. More than five times as many institutions are included in the current survey as in the survey of ten years ago. At the same time, the dollar total of alumni gifts to their annual funds is 374% of that in 1949. The total of all alumni giving has increased to three times that reported five years ago.

The conclusions that can legitimately be drawn from these figures must be qualified by the fact that there is a great variety in the bookkeeping methods employed by the reporting institutions, as well as some variety in the phrasing of the Council's annual questionnaires. These problems have been offset in recent years by development of a more specific—and less varying—questionnaire format. Nevertheless, some figures, particularly in the earlier years, are based on estimates or partially dissimilar definitions, and allowance must be made for this fact.

TITLES OF FUNDS

Of the institutions reporting to the 1958-59 Survey, 703 answered the question asking for the official name of their annual giving program. The traditional "Alumni(ae) Fund" leads this list by far, with 223 naming it as their fund title. Titles with a significant number of listings were:

223	Alumni(ae) Fund
77	Annual Alumni(ae) Fund
77	Annual Giving Fund
56	*(name)* Fund
41	Alumni Loyalty Fund
33	Development Fund
18	Alumni Living Endowment
13	Living Endowment
12	Annual Fund
10	Annual Alumni(ae) Giving Program

Other names mentioned more than once were: Annual Roll Call, Progress Fund, Scholarship Fund, Alumni Endowment Fund, Memorial Fund, Greater University Fund, Annual Alumni Gift, Great Teachers Fund, Annual Giving Campaign, Development Program.

The alumni of Yale University founded the first annual alumni giving program 69 years ago; other col-

THE NEWEST ALUMNI FUNDS

Of the 1,143 institutions reporting to the 1958-59 Survey, 709 answered the question asking for the year their annual fund started (Column 1 of the statistical report). Over half (54.6%) of these were established in the decade of the 1950's, as shown in the following table. In last year's survey, 47.1% had reported being established in this decade.

	Number Reporting	*Number Established Since 1950*	%

FISCAL YEARS

As indicated in Tables II and III, the large majority of institutions and annual funds operate on a fiscal year coinciding with the academic year, most of them ending in June.

Of those reporting answers to both questions, 440 have institutional and fund years which coincide, as follows:

41	Private Universities (67 of 67)
42	Public Institutions (183 of 401)
34	Private Men's Colleges (67 of 87)

MONTHS OF SOLICITATION

The number of months during which annual funds are actively soliciting support is shown in Table IV (taken from Column 4 of the statistical report). A 12-month year is preferred by the greatest number (170 of 646 reporting). This compares closely to the figures for the 1957-58 Survey. Those institutions known to have strong personal solicitation programs rely on six- to nine-month periods. As the table shows, there are many other periods used.

METHODS OF SOLICITATION

The headings in Table V (taken from Column 5 of statistical report), showing solicitation methods, are abbreviated to "A" for class agent solicitation, "M" for mailings from the central fund office, "P" for personal solicitation and "T" for an organized telephone campaign. There is no appreciable change this year as compared with 1957-58 in the solicitation methods preferred.

FUND PURPOSES

Table VI shows the purposes for which the reporting institutions solicited funds from alumni (Column 6 of the statistical report). The abbreviations indicate the following purposes: "U"—unrestricted; "F"—faculty salaries; "S"—scholarships; "C"—capital purposes; "A"—alumni office operation; "X"—others not listed above. In comparison with the 1957-58 Survey, an increase in "unrestricted" is the most significant change.

EFFECTIVENESS OF SOLICITATION

The report of each institution shows a figure for "Effectiveness of Solicitation" (Column 10 of the statistical report), which is a comparison of the number of donors with the number of alumni actually solicited. In compiling the Honor Roll (back cover) and listing the leaders for this category by type of institution (see below), the Council has arbitrarily eliminated some institutions which solicited fewer than half of their alumni. Otherwise it would be possible for any institution to out-distance all others in this category simply by removing non-donors from its solicitation lists. The leaders for 1958-59 were:

GRADUATE PARTICIPATION

Columns 15, 16 and 17 of the statistical report refer to giving by graduates, as distinguished from alumni (both graduates and former students). The majority of reporting institutions do not distinguish in their records between graduates and former students, and were not able to furnish statistics for these columns. For that reason, no totals have been included in the summary table, and no analyses attempted.

TOTAL ALUMNI GIVING

When alumni gifts through other channels (bequests, gifts to capital, etc.) are added to those alumni gifts contributed through annual alumni funds, the total of alumni giving (Column 19 of the statistical report) for 1958-59 reached $199,882,799. Of this amount, more than half was received by the 67 reporting private universities, which had an average of more than one and one-half million dollars apiece (see Table VII).

TOTAL ALUMNI DONORS TO ALL PURPOSES

For the first time, the questionnaire requested the grand total of alumni donors (Column 20 of the statistical report). This is the total number of alumni who gave to any purpose or in any form (annual fund, payment on capital campaign pledge, bequest, class gift, insurance, etc.). No individual donor was counted more than once, even if he gave in more than one form. The leaders in this category are:

NOTES

PRIVATE UNIVERSITIES

- Harvard Foundation (Mass.)—Solicits funds from the alumni of the Graduate Schools of Arts and Sciences, Design, and Public Administration.
- Harvard College (Mass.)—Restricted operation of the Harvard Fund because of capital campaign, "A Program for Harvard College."
- Yeshiva University (N.Y.)—Columns 18, 19, 20 and 22 include all divisions of the University.

PUBLIC INSTITUTIONS

- Pennsylvania State University (Pa.)—Complete information not available for columns 18, 19 and 20, because of records procedure.
- Utah, University of (Utah)—Column 22 includes only money received through the alumni office. Secretary's office, which receives the bulk of the funds, is unable to report this year because of changeover to new IBM records system. Estimated grand total near $310,000.

PRIVATE MEN'S COLLEGES

- St. Anselm's College (N.H.)—Alumni fund merged with a capital campaign.
- Scranton, University of (Pa.)—Alumni fund merged with a capital campaign.

PRIVATE WOMEN'S COLLEGES

- Alverno College (Wisc.)—Alumnae fund merged with a capital campaign.
- Marylhurst College (Oreg.)—50% of alumnae are members of religious orders and unable to give to the fund.
- Milwaukee-Downer College (Wisc.)—In Column 12, average gift is based on individual contributions and does not include $592 (Column 11) given by organized groups.
- New Rochelle, College of (N.Y.)—An additional $4,329 in chapter and club gifts should be credited to the alumnae fund.
- Pembroke College (R.I.)—Total gift support (Column 22) is included in the Brown University total.
